Robotemi VPN instructions

1. Download the "Google Authenticator" app on iOS or Android.
2. Go to https://vpn.temi.cloud
3. Enter your username and password.
4. Scan the QR code with the Google Authenticator app
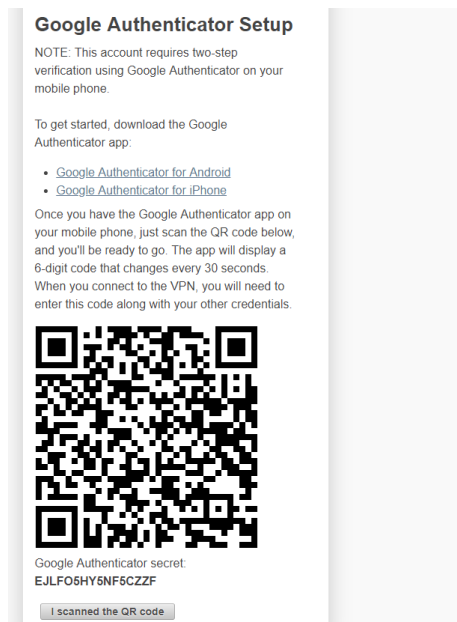

5. Click on "I scanned the QR code"
6. Click on the download link for your platform:

7. Open the downloaded file and follow the installation instructions.
8. Once installed, open the OpenVPN app and enter your username and password.
9. You will be asked to enter an authentication code from your Google Authenticator app.
10. You're connected!
11. You now have access to the OTA dashboard in the following address:
    http://temidash.temi.internal:8080/
12. Support dashboard in the following address:
    http://dashboard.management.temi.internal:9090/#/

* If you experience issues connecting, please make sure your VPN is connected. If you are unable to connect for whatever reason, please alert your Friendly Neighborhood Devops.
